

Puddingstone  
September 19 & 20

What a great weekend! Our weather was perfect and the Fair was good as usual. Most of the members attended the Fair but others stayed behind and enjoyed the beautiful setting of the Puddingstone RV Park. We had a view of the lake, airport, Fair grounds, upscale houses and much more. The grounds are perfectly kept with nice green lawns and manicured shrubbery.

Saturday, after the Fair-goers got back from their day, we had our Happy Hour. Lots of goodies naturally and individuals brought their own beverages. After H.H. we had some fun with kiddie games. There was Hurry Waiter, Potato Race and Gossip Repeaters. I would like to inform you that our Weakenders haven't lost their touch of "innovative competition". Need I say more?!!! You know WHO YOU ARE and WHAT YOU DID!!!

There were prizes for the winning relay teams but since it was so hard to monitor the winning teams the prizes were withheld until a later time and dispensed to all members just for taking part in the fun.

At our meeting we discussed upcoming events and venues that we would like to go to. Bill Grist generously volunteered to book Camp Comfort for February. Also Far West for March. For April Jerry and Karen Grissom will book Mountain Lakes. Margaret Brownley will try for Refugio in May using a new method that she has heard of. If you haven't tried to book club outings lately you won't understand what we go through to secure spots for all who would like to attend our campouts. Glenn and Cathy Burow will book Thousand Trails in Acton for June. Our thanks to Bill and Margaret for helping with this obstacle course.

Margaret was awarded the MVP Award for being so helpful in securing spots for the club. The award was in the form of a 99Cent Store tote bag. She seemed a little bit shocked over receiving such a wonderful distinction in the form of the prestigious 99Cent Store prize.

At our meeting the members requested that we book April for Puddingstone and to attend an antique auto show at the fair grounds. Karen tried to reserve spots but was unsuccessful. The streets in some areas are to be repaved, decreasing the amount of spaces available. There were not enough spots for our club.

Sunday we had our pot luck breakfast. After clean up we packed up and headed for home. Another great time with the club!

Here are the names of the members who have paid their \$30.00 for membership in the Weakenders: Hugo, Williams, Brake, Schwartz, Grist, J/K Grissom, Holman, Brownley Martinez, Nelson, Burow and Wallagura. If your name is not on this list you are not a member until you join with your dues which are to be sent to Karen.
